ABOUT SAILI

Changzhou Saili is a company specializing in automotive parts, established in 2009. Its main projects include the development, production, sales, and after-sales service of injection molds for automotive exterior parts.

The company has **over 16 years** of experience in mold production and a professional overseas service team, providing customers with professional and efficient services.

At present, **the annual production is 500, 000 pieces**, and the products are sold to more than 50 countries. According to customer requirements, we supply customized services and products.
